

Cardboard Recycling Program: Stephanie Carey, the first president of the Solid Green Club worked with Housing and Students for Environmental Action (SEA) to organize an annual cardboard recycling event for move-in day.

1. How is hosting a large-scale recycling program during move-in beneficial in creating a culture of recycling at Clemson?
2. What issues are you passionate about? What would it take to initiate change surrounding that area?
3. How can residence life better support you in these endeavors?
