

Greek Quad Renovation Meets LEED Silver: This video was created to highlight the LEED Silver Certification gained after the completion of the Quad Area building complex renovation project.

1. LEED stands for Leadership in Energy and Environmental Design. Here is a great site to learn more information about LEED certifications:
<http://www.everblue.edu/leed-certification-explained>
2. How is it beneficial to house Greek students in a LEED certified area?
3. How can you improve the energy performance standards in your area, whether or not it is LEED certified?
4. How important is it to you to live and learn in LEED certified buildings?
