Purchase a parking permit.

If you will have a vehicle on campus, you must purchase a parking permit through Parking & Transportation - clemson.edu/parking.

Rent a Microfridge.

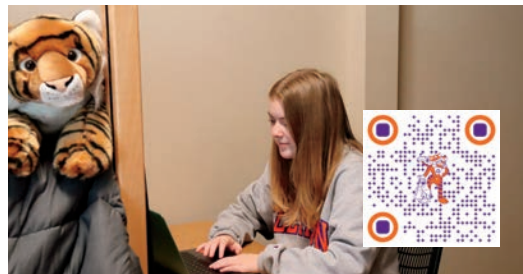

While you can bring a fridge (under 3.6 cubic ft), the only microwave allowed is a Microfridge. Visit collegefridge.com/clemson to order.

Print your Move-In Packet.

Make sure you have set your check-in appointment and print your Move-In packet from the Clemson Home Portal. This will include your check-in pass, packing labels, and your driving directions.

Plan for Severe Weather.

In case there is severe weather during check-in, be sure to familiarize yourself with Clemson University warning sirens and safe alerts. If severe weather impacts move-in operations, notification will be sent through the CU Safe Alert system and Clemson email.

CHECK-IN

Fall Regular Check-in & Summer Start

All residents arriving during the designated Fall check-in dates will need to check in at the P-8 Parking Lot (at the intersection of Hwy 76 & Perimeter - Silas N. Pearman Blvd.) at your scheduled time to receive your key and unloading pass before proceeding to your building. You will receive a text message when it is time to check-in and will need to follow the check-in packet driving directions and instructions.

All residents are limited to two vehicles during move-in, and we encourage you to pack light and avoid the use of moving trucks, trailers, and other oversized vehicles.

Before Check-in

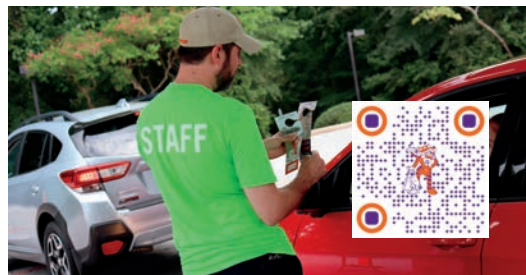

- Make sure you know your check-in time and room assignment.
- Print the Move-In Packet. This will be available in the Clemson Home Portal in August and will include a check-in pass that should be placed in your windshield.

Check-in Lot Guide

- Follow the directions & signage to the P-8 parking lot.
- Stay in your vehicle & follow the signs to a check-in tent where your pass will be scanned, and you will be checked in.
- Student and extra family vehicles will be split into separate lanes at the check-in tent.
- Continue to the key-pickup area. The line will split by first letter of the student's last name and additional vehicles will move to the outer lane in each of the two lines.
- Students will receive their key and each car will get an unloading pass.
- A pull-off road will be available to check unloading directions prior to leaving the lot.

Early, Late, & Spring Move-in Only

If you are arriving outside of the designated check-in dates of August 14th-19th, you will need to check in at your Area Desk. Be sure you contact Parking Services to arrange for unloading parking.

Step 4: **UNLOAD**

You will be able to unload your vehicle in designated locations close to your building, then you will need to move as soon as you are done. Each vehicle will receive an unloading pass at the check-in lot, so be sure both cars go through the check-in line. You must have an unloading pass hanging on your rearview mirror in order to be allowed into unloading zones and each resident may only receive two.

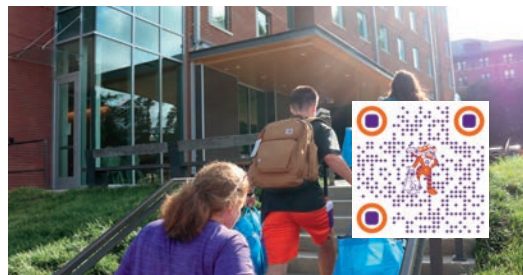

FOLLOW OUR DIRECTIONS ONLY - NOT GPS DIRECTIONS

Unloading steps

- If you plan to bring two cars, both cars will be given unloading passes at check-in. Place this pass on the rearview mirror.
- Follow the signs directing you to your building.
- Once you are at your unloading area, you are expected to unload everything as quickly as possible to allow the next vehicle access.
- After everything is unloaded you will move your car to the parking lot. There will be shuttles available to take you back to your building to begin unpacking.

Key notes:

- Make sure you pack efficiently. This will make unloading easier and will help keep the line moving.
- Label all belongings with your name. Labels are available in the check-in packets.

Step 5:

PARK

Parking for guest vehicles during Fall Check-in will be available in Parking Lots C1 and C2 with return shuttles to residential communities. Student vehicles that will be staying on campus will need a valid parking permit and may park in a resident lot according to their permit.

Parking permits can be purchased on the Clemson Parking and Transportation website - clemson.edu/parking.

EXPLORE HOME

Getting to Know Your Home

After moving in, make sure you explore your new home. Get to know your neighbors, find your way around your building and community, and learn about the resources that are available to you.

Note On Roommates

During the first few days, be sure you're getting to know your roommate(s) and discussing expectations for your space. All residents will need to create a roommate agreement and establish expectations for cleaning, schedules, and habits.

Finding common ground and engaging in activities together can foster a positive and friendly atmosphere, but remember that respecting personal space and property is an important aspect of living with others and will require compromise, patience, and understanding.

Explore Your Residence Hall

Each residence hall will have different amenities, including study rooms, kitchens, vending machines, and laundry facilities. It's a good idea to walk through your building to find these.

Makes sure to pay attention to emails and posted signage for urgent information throughout the year. You will also have a lot of opportunities to participate in community events and programming. We highly encourage you to get involved!

Understanding your meal plan

Meal Plans typically include either unlimited meal swipes or a set number, along with a set amount of Paw Points and guest meals (if unlimited).

Meal swipes can be used at either of our two traditional dining halls to enjoy all-you-care-to-eat dining or at Meal Exchange locations for a single meal. Unlimited plans are limited to one meal per meal period through meal exchange, but unlimited visits to the Dining Halls.

Paw Points can be used at any on-campus dining location, including retail dining, P.O.D Markets (convenience stores), and dining halls.

Menus, hours, and nutrition information are available at clemson.edu/dining.

Purchases

Paw Points may be purchased at any time during the semester through the Clemson Home Portal.

Meal Plans may be purchased up to the last 6 weeks of the semester.

Fall meal plan selections will also be added to the Spring unless they are changed prior to the Spring bill becoming available.

Meal swipes expire at the end of each semester, while Paw Points will roll over each semester while you are at Clemson.

Changes

Paw Points are nonrefundable, however, meal plan selections may be altered at any time prior to bills becoming available for the semester.

Each semester there will be a short period in which you may elect to upgrade or downgrade your meal plan; however, Paw Point values will not be refunded, and you will pay the full price of the new plan.
